Once you subscribe, stream any video in the library from anywhere in the world with an internet connection.

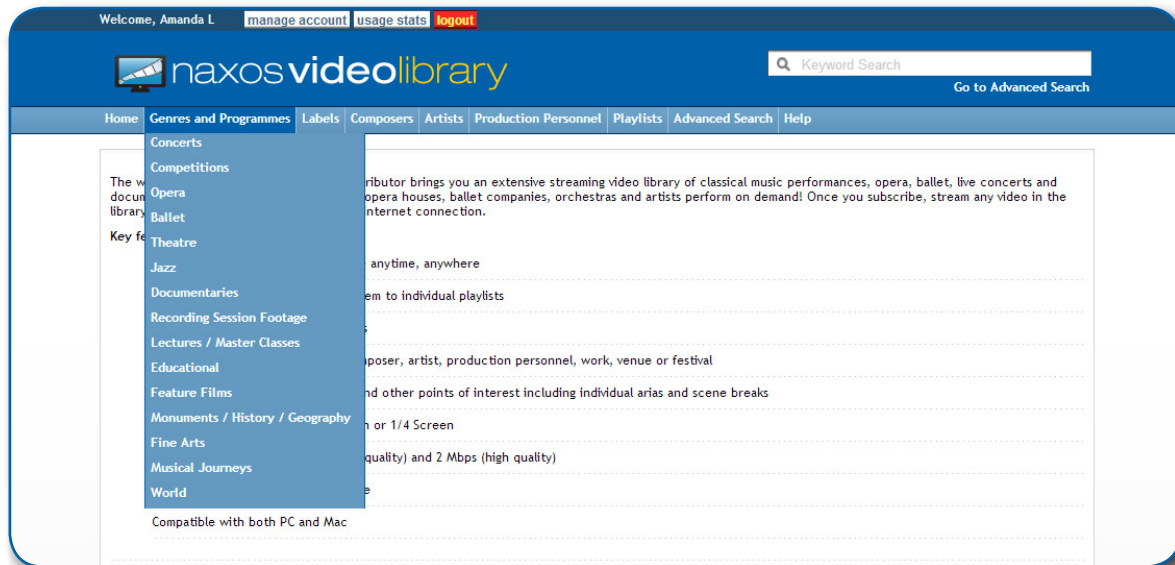

Key features include:

- Over 1630 full-length videos, available anytime, anywhere
- Create custom clips: edit and add them to individual playlists

[www.NaxosVideoLibrary.com](http://www.NaxosVideoLibrary.com)

Simple User Manual

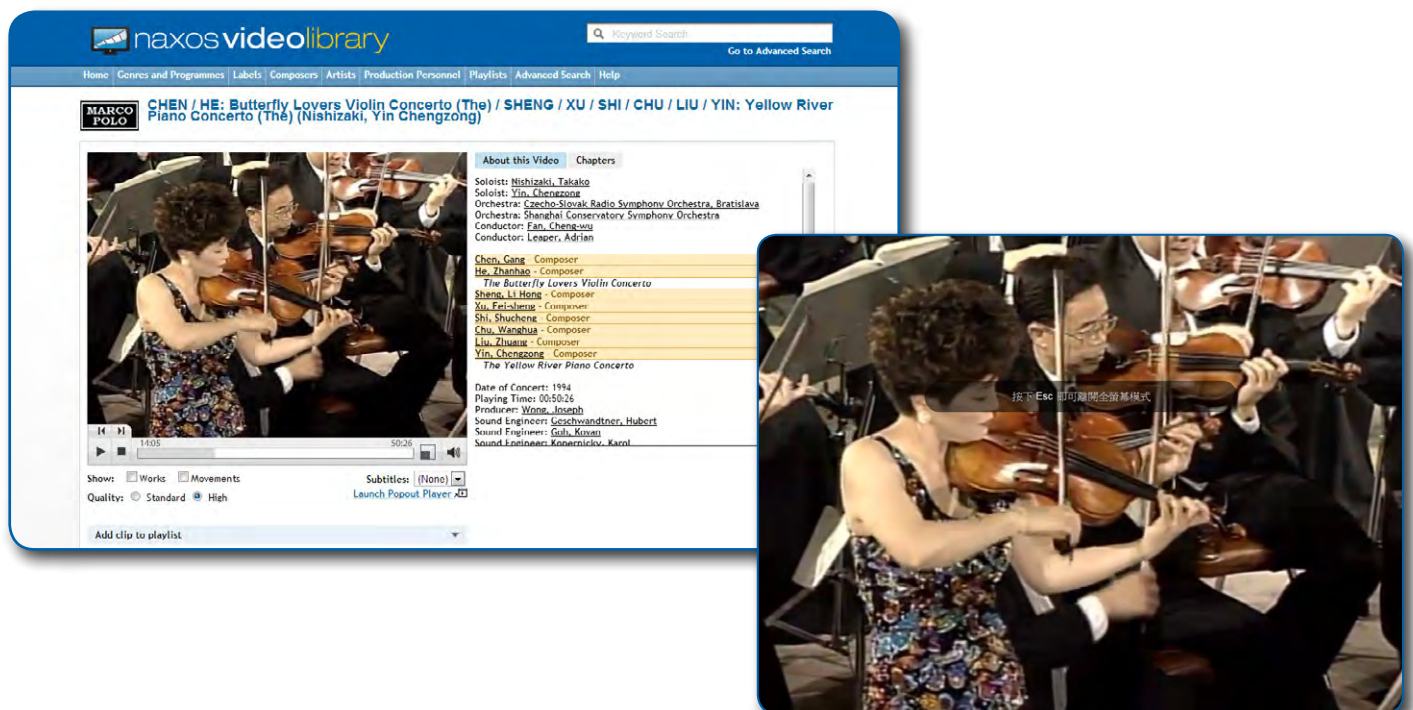

Click on **Genre and Programmes / Labels / Composers / Artists / Production Personnel** will give you a list of videos in the relevant categories.

## How to Play Video

Click on any title to bring up that video.

Click ► will automatically play from the beginning. The below is the standard screen mode. You can also choose 2/3 or full screen mode. Simple press ESC to exit 2/3 or full screen mode.

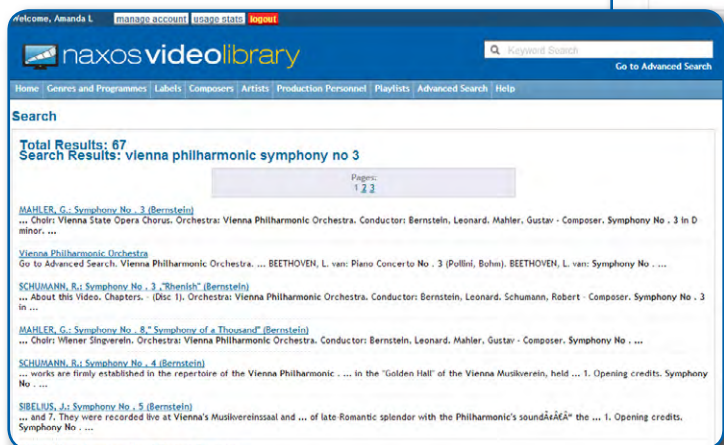

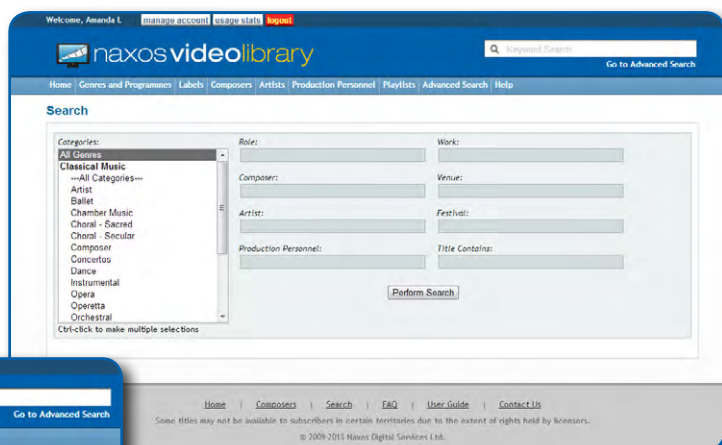

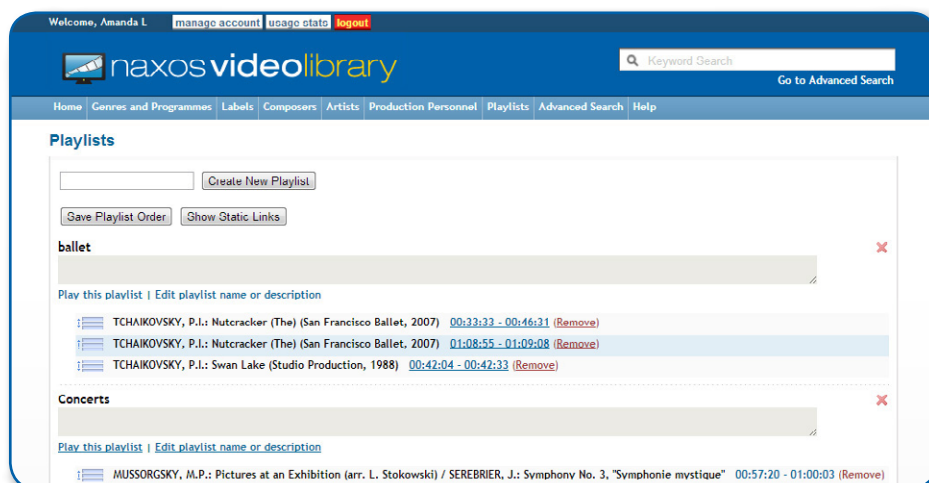

## Keyword Search and Advance Search

**Keyword Search:** To enter a query, type in a few descriptive words and click the Search button for a list of relevant web pages.

**Advanced Search:** You can enter as many or as few fields as you wish.

**Playlist** is a feature that enables users to put together selected list of works for future viewing. Please note that only logging on with administrator or professor username is allowed to create / edit / delete playlist(s). Member login or access via URL is not allowed to create playlist, but can view them.

### How to add clips to playlist:

When you begin playing a video, the “**Start**” and “**Stop**” time codes are set automatically to the beginning and end of the video.

As the video is playing, click the “**Start**” button to set the starting time for the clip you wish to create. Similarly, click the “**Stop**” button to mark the end of the clip.

When you are satisfied with the beginning and end times of the clip, choose from the “**Select playlist**” drop-down menu and then click the “**Add to playlist**” button. Your clip will then be accessible via the “**Playlists**” link in the navigation menu at the top of the site.
