

《食字餐桌》 @ Summer Reading Club

The followings are the reflections on the book shared by the participants.....

A new writing style on food cooking, great!

The author quoted a lot of famous publications in each chapter. What a great work! This arouse my interest in reading those books.

Easy to read in the form of prose - pick whatever articles we like to read. Associated with food and recipe - arousing interest of cooking. Other books or movies are mentioned in the content - recalling memories of those books/movies that have been read/viewed. Can bring the memory of our past happenings associated with the content. Can create a chance to bring us together.

以食物為引，串連起不同的文學作品或電影，加以作者自身的遭遇和體會，這個角度寫成的篇章很生活化；閱讀時更覺得親切，也很欣賞作者的細心，竟然可以留意到「食物」此細節作連繫，彷彿令「食」也變得風雅起來。
